MANCHESTER,
1999.
Are you there?
What is Hell like?

HAVEN.
You arrogant shit!
You stupid arrogant shit!
Get the fuck away from my boy.
You've done enough.
I sold her such hopes. Him, too.
I built a house of cards and Etienne kicked it down.
Yeah, and then you kicked down a whole city block.

I had to do it then. He'd have been gone if I didn't.
I'm not proud of it, but...
It's over, right?
Us.
You risked a *continent* because you were pissed off.
That's not you being Mr. Cold Realpolitik Guy.
That's a guy in a bar throwing a punch.
What would *you* have done?
Nothing. I can't throw people into space! That you did is...
We're all lucky Etienne was a better man than you.
You didn't know him.
Alex wasn't the first.
Etienne turned off over ***100 Superpowers.***
Including you.
